

MARLBOROUGH, Mass. --Solmetex, LLC a leading global provider of amalgam separation technology and dental waste management solutions, is pleased to announce that Amy Gagne, RDH, has been named Director, Special Markets, a newly created position, reporting directly to President, Kevin Danahy.

Amy joins the Solmetex Team with over 25 years in the dental market. Early in her clinical hygiene career she recognized how important it was to bring quality, safe, and user-friendly technology to the dental team. Her career includes positions of growing responsibility at Envista (formerly Kerr), Henry Schein and most recently Zest Dental Solutions, and has created a path of high-growth organizations where her focus has been on expansion efforts in emerging markets.

“Now more than ever, the future of our environment is so important. Solmetex is a leader in environmental compliance and developing products that meet EPA Standards. I’m excited to be working with this growing organization and a team that recognizes the importance of simplifying the technology required to keep our dental partners in compliance with our newly launched Maintenance Program.”
~Amy Gagne

Effective immediately, she will lead the overall strategy for Solmetex focusing on the Dental Services Organization space. Ms. Gagne will be responsible for developing and executing innovative programs with Solmetex DSO-partners and will be instrumental in leading and supporting the growth of these relationships.

“I couldn’t be more excited to add another “A” quality player to Team Solmetex. Leadership is a difficult attribute to find when searching for a new piece to add to a highly accelerated growth company. After meeting Amy, just once, I knew she was the leader we needed! She is the right person to lead our new DSO strategy and develop the team needed to meet all customer needs. Her intelligence, passion, and strategic thought process is exactly what Solmetex needs to hit our future goals. I couldn’t be more excited to see what Amy accomplishes in this next chapter in her successful career.”

~Kevin Danahy, President

Solmetex has been the industry leader in the manufacturing of amalgam separators for over 25 years within the dental industry, with a primary focus on keeping dental practices compliant with the ever-changing regulatory environment. The Hg5 series of products are ISO 11143 certified, accompanied with a simple recycling and compliance program that meet all existing and new EPA dental regulation requirements on the handling and disposing of amalgam waste within the dental practice.
